William Siwik

"And he said:
You would know the secret of death.
But how shall you find it unless
you seek it in the heart of life?
The owl whose night-bound eyes are
blind unto the day cannot unveil
the mystery of life.

If you would indeed behold the
spirit of death, open your heart
wide unto the body of life.
For life and death are one, even
as the river and sea are one.
For what is it to die but to
stand naked in the wind and
to melt in the sun?
And what is it to cease breathing
but to free the breath from
its restless tides, that it
may rise and expand and seek
God unencumbered?

Only when you drink from the
river of silence shall you
indeed sing.
And when you have reached the
mountain top, you shall begin to climb.
And when the earth shall claim
your limbs, then shall you truly dance."

"The Prophet"
by Kahlil Gibran

From all of us,
to SHS

"There are places I remember, all my life
Though some have changed,
Some forever, not for better,
Some have gone and some remain.

All these places had their moments
With lovers and friends I still can recall
Some are dead and some are living
In my life I've loved them all.

But of all these friends and lovers,
There is no one compares with you,
And these mem'ries lose their meaning
When I think of life as something new.

Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them
In my life, I'll love you more."

The 1975-1976 season was once again a very productive year for the Saugus High Band. The "frosting on the cake" for all of the students involved was the Concert Tour and Performance at Disney World, Fla. The concert programs included two "Pops" Concerts, a concert at the Boston State House with the presentation of a Proclamation to the Band by His Excellency Governor Dukakis. Other concerts were the annual Christmas Concert and a request performance at the Blackstone Regional High School, Upton, Mass. The marching band also had an inspiring season capped off with the Bicentennial Parade in Saugus.

Your reason and your passion
are the rudder and the sails of
your seafaring soul.
If either your sails or your
rudder be broken, you can
but toss and drift, or else
be held at a stand still
in mid-seas.
For reason, ruling alone, is a
force confining; and passion
unattended is a flame that
burns to its own destruction.
Therefore let your soul exalt
your reason to the height of
passion, that it may sing;
And let it direct your passion
with reason, that your passion
may live through its own
daily resurrection, and like the
phoenix rise above its own
ashes."
